July 2017

The **Infant Class** will experiment with water! They will be outside, so please make sure they have appropriate clothing. They are continuing exposure to the letters of the alphabet and this week they will learn the letter "F".

This week the **Toddler Class** will learn all about music and rhythm! They will make drums, tambourines and perhaps a band!

In **Preschool Summer Camp** our theme is MUSIC and RHYTHM. We will be exploring the science of art of sound. We will experiment with lots of instruments and will even make some of our own! Our budding MLC musicians can't wait for next week.

This month, the **Spanish Class** will be learning greetings in Spanish along with good morning songs that they will use to begin each Spanish lesson. Table time activities will surround the theme of transportation and each child will work on a transportation book. Below are the links to the two good morning songs:
