Doctors & Nurses

The **Infant Class** will practice identifying body parts; focusing on the face. They will sing the song "Head, Shoulders, Knees and Toes" and practice squeezing toy needles as they role play being a doctor.

This week the **Toddler Class** will be learning all about doctors. They will learn what they do, how they make us feel better when we are sick. They will learn the letter "D" and even do a science experiment to learn about germs.

Preschool Class is so excited to learn about and celebrate our community medical health workers. We will have special guest Maren Chandler join us to talk about her role as a doctor.

This month the **Spanish Class** will continue practicing our good morning song, days of the week, months of the year, and numbers 1-31 for the calendar.

In addition this month we will learn our vowels, saying how old are you- Cuantos años tienes tu? My name is- yo me llamo...

Here is a link to a vowel song they will be learning this month.
