Class Instagram Accounts

As a way to help families see what their child has been doing throughout their day, each classroom has a class Instagram account in which to post pictures and videos of the students each day. **This account is private and only the account administrator can approve viewers.** In order to view the pictures and videos, a parent must also have an Instagram account (it is a free app that may be downloaded on smart devices). Currently, each account administrator will only approve the parents of each child as viewers. Below are the account names:
